IN RE:

CENTRAL IOWA POWER  
COOPERATIVE

DOCKET NO. P-842

---

**ORDER REGARDING STATEMENT OF DAMAGE CLAIMS**

(Issued May 3, 2001)

The Proposed Decision and Order Granting Permit issued April 26, 2001 required Central Iowa Power Cooperative (CIPCO) to file an amended Statement of Damage claims that adequately addressed how damages would be determined. The order stated the permit would not be issued until said statement was filed. It also required CIPCO to notify affected landowners of their choice of when to calculate crop damages. On May 1, 2001, CIPCO filed an amended Statement of Damage Claims that adequately addresses how damages will be determined and that notifies landowners of their choice regarding calculation of crop damages.

**IT IS THEREFORE ORDERED:**

1. CIPCO has filed an amended Statement of Damage Claims that complies with ordering clause two of the Proposed Decision and Order Granting Permit issued April 26, 2001. CIPCO must provide a copy of the amended statement to all affected landowners.

2. All other paragraphs of the Proposed Decision and Order issued April 26, 2001 remain in effect.

3. The appeal period has run and no appeals were filed. Therefore, the permit may be issued. As stated in the Proposed Decision and Order, one term of the permit will be that CIPCO will notify the Board if it changes its contractor to anyone other than UtiliCorp, or ceases to use a contractor to assist it with operation and maintenance of the pipeline.
